About Feramolli

THE HIGHEST QUALITY STANDARDS AND A UNIQUE STYLE OF PRODUCTS ARE TWO MAIN OBJECTIVES FOR US.

Striving for the ideal in everything is the strategic goal of Feramolli. To achieve it, the brand constantly invests enormous resources to implement the latest technical developments and design ideas. The art of water in all its manifestations, the perfection of forms and lines, the virgin nature of Italian rivers and lakes, are a great inspiration for the company's designers, who every day draw new ideas for the development of a unique design of Feramolli products.

We are dedicated to creating stylish and high-quality bathroom wares that stand the test of time. Our commitment to excellence is reflected in every aspect of our business, from our stringent quality control measures to our innovative designs.

Quality is at the heart of everything we do. We use only the finest materials and the latest manufacturing techniques to ensure that every product we create is of the highest quality.

Innovation is key to our success. We're constantly pushing the boundaries of what's possible in bathroom design, creating products that are not only visually stunning but also practical and user-friendly. And provide up to 9 different stunning colours for choice.

Sustainability is a core value of our brand. We are committed to reducing our environmental impact and creating products that are eco-friendly and sustainable. We're always looking for ways to make a positive difference.

Service is our top priority. Our professional and friendly customer service team committed to providing you with the best possible experience.

We believe that a beautiful bathroom is essential to a happy and healthy life. That's why we are passionate about creating products that not only look great but also stand up to the rigours of everyday use. We invite you to explore our range and discover the perfect products for your bathroom today.

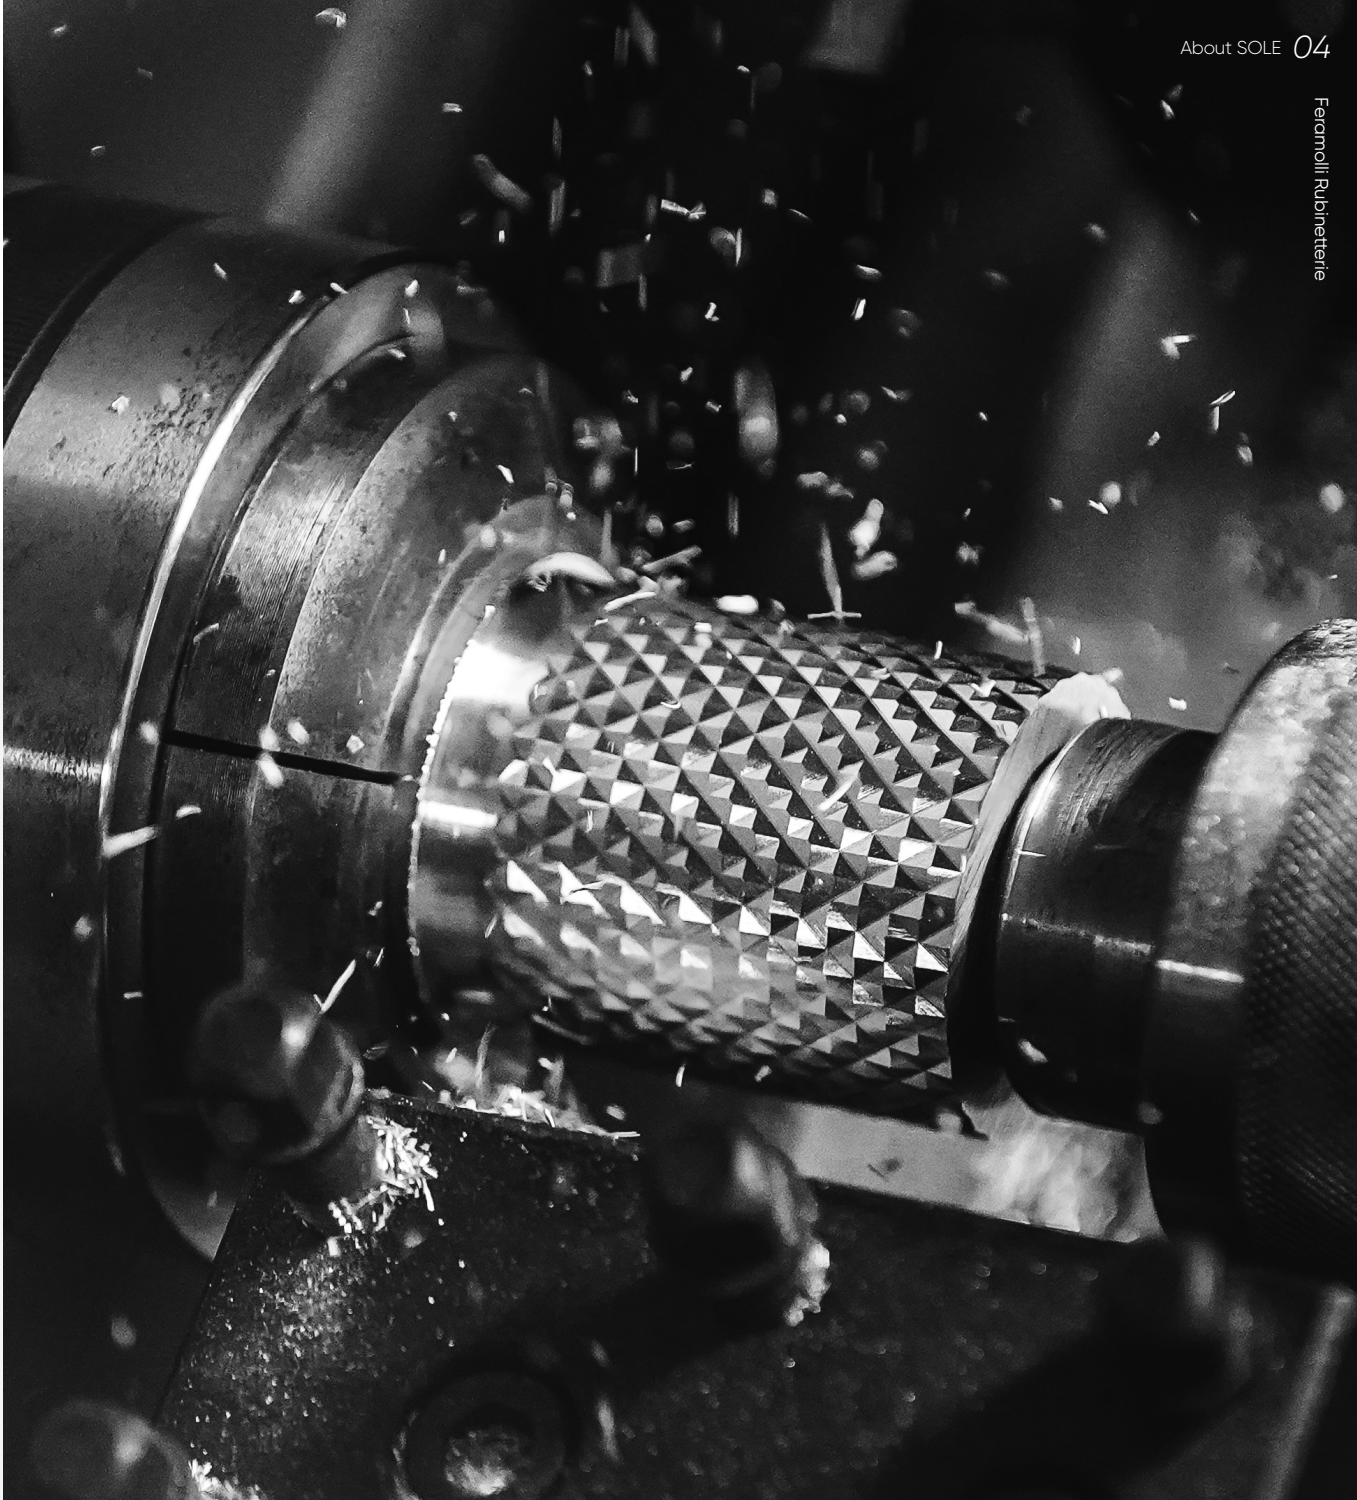

The brand new SOLE series by Feramolli is based on this design concept
SOLE's multi-faceted texture design has diamond prisms with multiple angles.
The structure of each element resembles a pyramidal structure reflecting the
color of the sun.

The multiple facets, create light reflections,
that will add endless visual experience to your bathroom space.
Every face is beautiful and every detail is meticulously crafted.

Innovative design of The SOLE series

Hundreds of small crystals reflect the light and give your bathroom an incomparable unique shine.

Innovative Carving Technology

Making Your Bathroom Ultra Stylish. Innovative cutting technology makes every piece shimmer as it catches the light. The result is sophisticated and dazzling. All products are made to last, using only the highest quality materials and craftsmanship. We construct them using DZR Brass.

Air Shower II

Air Shower going to completely transform the way you look at showering.

Our product development team have redesigned the shower nozzles with 4 times as many holes compared as it in general for an even more delicate splash and lighter, airier feel.

Hand-held Air shower II has 76 nodules, each with 4 holes, hence providing you with the ultimate showering experience. Air Shower also comes with increased functionality with the inclusion of superior decontamination. Forget the worries of clogging outlet holes due to water quality problems as you can get rid of residual deposits at a touch of a button.

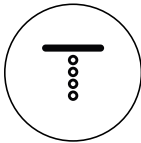

This provides you with the same luxurious feel from the first time you experience it until the last.

Air Shower Mode

Water Mist Mode

Microbubble Mode

Discover the Micro Bubble Technology in Air Shower II

Deep Clean, Deep Nourishment

Our shower's micro-bubbles have an incredibly small diameter, ranging from just 0.01 to 100 microns. This size is significantly smaller than human skin pores, which typically measure between 20 to 200 microns. Due to their minuscule size, these micro-bubbles can effortlessly penetrate the pores, reaching the deeper layers of the skin. This allows for a more effective and deeper cleaning compared to regular shower droplets, ensuring a thorough cleanse down to the microscopic level.

Effective Sterilization, Water Purification

Micro-bubble shower releases hydroxyl radicals, known for potent oxidation. They quickly neutralize bacteria on skin and in water, ensuring deep sterilization. This makes our shower ideal for sensitive skin, transforming each use into a holistic skincare experience, promoting both cleanliness and skin health.

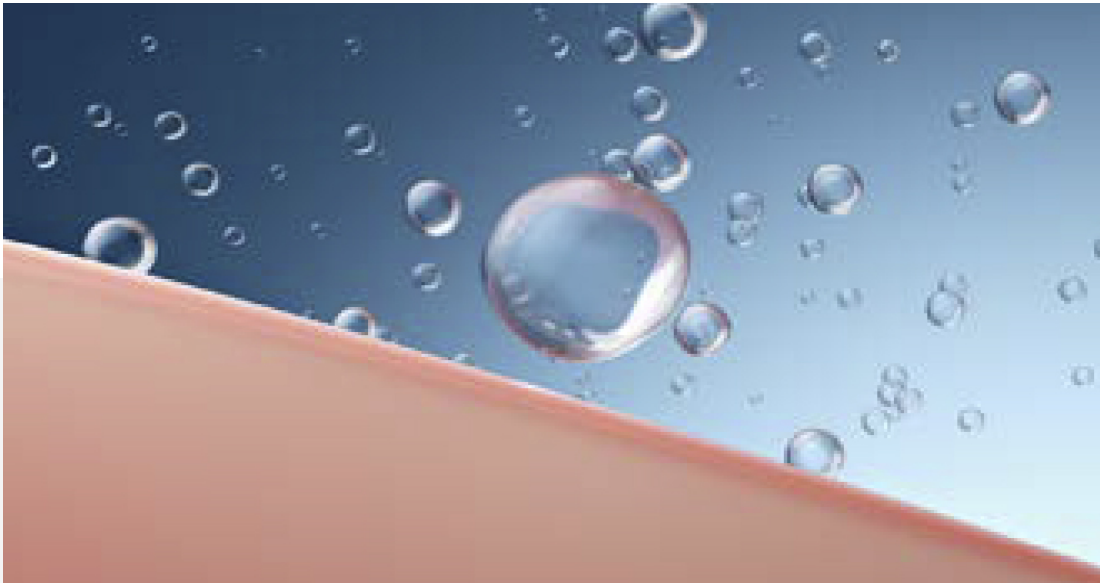

Efficient Oil Control, Gentle Cleanse

The micro-bubbles released by our shower are made up of nonpolar molecules with a hydrophobic nature, efficiently binding with oils and effectively removing them from the skin's surface. This ensures a prolonged feeling of freshness while minimizing any unwanted shine. This is particularly beneficial for oily or acne-prone skin, aiding in oil control and preventing blemishes. It improves the skin's texture, making it softer and smoother.

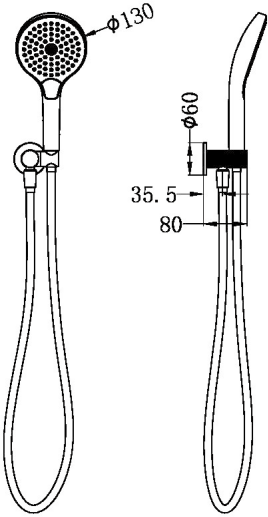

Baby-Friendly Bathing

The fine micro-bubbles generated ensure that a baby's delicate skin remains untouched by harsh water streams, creating a safer and more comforting bathing experience. The powerful sterilizing effect is especially crucial for babies. Let your baby love the bath and enjoy it.

Bath Outlets	10 years	<ul style="list-style-type: none">· 10 years replacement products or parts only on all finish.
Bathroom Accessories	10 years	<ul style="list-style-type: none">· 10 years Replacement products or parts only.
Other Accessories	10 years	<ul style="list-style-type: none">· 10 years on universal pop up waste replacement only.· 10 years on bottle trap replacement only.· 10 years on glass hardware replacement only.· 10 years on floor waste replacement only.
Commercial Range	1 year	<ul style="list-style-type: none">· 1 year Replacement products or parts & Labour.

4. The warranty period commences from date of purchase, or for new buildings from date of handover.

5. To make a warranty claim, the customer must either contact the seller from which the customer purchased the goods, or contact the Supplier directly by telephone on +39 800 940 525, by email at global@feramolli.com. The claimant must provide proof of purchase or equivalent documentation such as handover documentation for new homes.

6. The expense of claiming on the warranty will be borne by the customer claiming on the warranty.

7. This warranty covers the repair or, at Supplier's option, replacement of any goods which are defective through faulty manufacture or materials, free of charge and labour. The Supplier reserves the right to alter, or amend this warranty offer in writing at any time. The Supplier reserves the right to provide minor components (eg. Handles, aerators, buttons, dress rings, spindle/cartridges and seals) as 'Parts Only' to the customer. This warranty does not cover any claims for labour, additional products or parts associated with allegedly faulty goods for work not approved in advance in writing by the Supplier.

8. For installed goods, the Supplier requires adequate access to assess the goods, fittings and fixtures to assess any warranty claim, and to undertake any warranty repairs. The Supplier will not be responsible for any consequential damage or costs where adequate access to goods, fittings or fixtures is not provided.

9. For discontinued or unavailable goods, the Supplier may replace the goods with equivalent current or available goods, using best endeavours to match the appearance and specifications of the original goods.

10. Supplier's obligations under warranty are limited to the repair or, at Supplier's option, replacement of any products of any products which are defective through faulty workmanship or materials. To the extent permitted by law, Supplier will not be liable for any loss to furniture, floor coverings, walls, fixtures or any consequential loss of any kind caused by any defect in the product components.

11. This warranty does not cover defects caused by or arising from any of the following:

11.1.goods installed by a person other than a licenced lumber. This does not apply to bathroom accessories such as towel rails,shelves, etc;

11.2.goods not installed to relevant national standards or state regulations;

1.1.3.tapware exposed to water pressures and/or temperatures that exceed stated limitations as per the standard installation instructions. Specifies 500kPa maximum water supply pressure at any outlet within a building for new installations;

11.4.fitting of other devices to the outlet of tapware (eg water filters);

1.5.fitting of in tap body or end of line water flow regulating devices that have not been approved by Supplier;

1.6.damage as a result of obstruction due to inadequate flushing of system before use,

1.1.7. service, repairs or other non-standard replacement parts previously undertaken without Supplier's prior written approval;

11.8.damage to finishes by adhesives, sealant, etc;

11.9.damage to finishes which arise from installation or post-installation use;

1.10.failure to observe manufacturer's care and cleaning instructions;

1.11.improper or abusive use of product and/or damage resulting from misuse, accident or neglect.

12. Should any warranty claim be made and service attended to by the Supplier or its authorised service agent, and the fault is due to a cause expressly excluded from this warranty above, the Supplier reserves the right to charge a service fee for attending and/or any work carried out.

13. This warranty is in addition to customer's rights under the Australian Consumer Law.

14. Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with the service, you are entitled:

14.1.to cancel your service contract with us; and

14.2 to refund for the unused portion, or to compensation for its reduced value. You are also entitled to choose a refund or replacement for major failures with goods. If a failure with the goods or a service does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done you are entitled to a refund for the goods and to cancel the contract for the service and obtain a refund of any unused portion. You are also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the goods or service.

Notes

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
